

# THE WAY WE COOK IS A QUALITY FOOD SERVICE PROVIDER RESTAURANT

Using the word “Provider” likens it to health care. When you dine at The Way We Cook, you are provided with the highest quality ingredients in each and every meal. As able and available, we use all natural, hormone and chemical free grass fed beef, all natural hormone free chicken and wild caught fish as well as extra virgin olive oil in all our dishes and dressings and high quality sunflower oil for all sautés cooked to order. We use only fresh vegetables purchased daily and some organic vegetables and herbs from our garden in beautiful Deerfield, NH when in season. **Why?** Because your health and dining experience is our highest goal. Our food is cooked with care and love. Portions are generous and if you feel overly fed, you can definitely take your extras home for a wonderful lunch or second experience the following day. Even a midnight snack!

We have many satisfied customers who’s testimonials constantly encourage our endeavor to keep your food wholesome, nourishing and healthy. We hope you will try our food and notice the positive effect your body experiences after a night of fine and healthy dining.

When you patronize **The Way We Cook**, you are contributing to the total evolving concept of the restaurant industry.

THANK YOU

*The Chefs*
